Ideal for the Following Customers

- Existing analogue owners
- Home based businesses
- Small to medium businesses
- Teleworkers

Main Features

- **Up to 200 name and number directory**
  Allows you to store and dial 200 names and numbers at the touch of a few buttons.
- **Base station and handset ringer melody options**
  Choose up to 10 different ringer melody options.
- **Caller Display***
  When used with a Caller Display service, you can see the number of the person calling. The name is also displayed if stored in the directory.
- **Call Waiting***
  When used with Caller Display you can see who is calling whilst engaged on another call, provided the number of the other caller is not withheld.
- **Clock/alarm/calendar**
  The handset's clock feature allows you to set alarm call. You can also use the telephone to ring and remind you of an important date.
- **Expandability**
  Can register up to 6 handsets to one base station.
- **Handsfree**
  Allows you to hold a conversation without lifting the handset.
- **Intercom (with two or more handsets)**
  Handsets can page each other or hold a two way conversation.
- **LED on handset**
  Alerts you to an incoming call, when the line is in use and flashes to tell you when you have had new calls.
- **Music on hold**
  Callers are entertained with music whilst being put on hold, reassuring them that they have not been cut off.
- **Paging facility**
  Allows the handset to be paged by the base unit.
- **Simultaneous internal/ external calls**
  One handset can make an outgoing call while two other handsets (Classic/Executive) are in use on internal calls.
- **SMS text messaging**
  You can send and receive SMS* text messages.
- **Switchboard compatible**
  Can be connected to most switchboards which support tone signalling and timed break recall, enabling use at home or in an office environment.
- **Talktime**/standby****
  Up to 10 hours talktime and up to 150 hours standby.
- **Walk & Talk feature**
  Allows two Executive handsets to communicate when they are away from the base station (range between handsets must be a maximum of 300 metres).

** A separate quarterly fee is payable.*

*** When batteries are fully charged*
